Dear Sir/Madam,

Applying for the Site Engineer/ Civil Engineer Positions

I would like to apply for the advertised post of Site Engineer in your organization. I passed out from Faculty of Engineering, University of Jaffna as a Civil and Environmental Engineer. I am currently employed with Advance Steel Structures (Pvt) Ltd as a Site Engineer of some projects which is in Sri Lanka. I firmly believe that my knowledge and experience gaining as a Civil Engineer will add value this position and ultimately your organization.

I have also worked with Komuthi Engineering Services (Pvt) Ltd as a Site Engineer of Orugodawatta - Ambatale Road Project. That was the beginning of my professional career. As well as I have worked with Tudawe Brothers (Pvt) Ltd and Provincial Engineering Department, Anuradhapura and Material Testing Laboratory, Kekirawa as a training Civil Engineer where I performed numerous construction duties such as surveying, supervision of reinforcement and formwork and conducting concrete laboratory tests during my internship period. Moreover, I possess experience in delivering complex multi-disciplinary projects within highly regulated environments, which has helped me to become adept in deploying stable, high quality, and cost effective structural innovations.

During my academic carrier I have completed my research in "Effect of coarse aggregates on self-compacting concrete with rice husk ash" which was an effort towards presenting a new simple mix design method for Self Compacting Concrete. Further, the final year multi-task project was on the topic of "Extension to the existing Civil Department building to facilitate current laboratory requirements" which enhanced the multi-disciplinary aspects in Civil Engineering. In addition, I was able to engage in the projects; Designing a flexible road using standard of Road Note 31 and Traffic light proposal project in Iranamadu Junction in Kilinochchi.

As an ambitious and capable individual, I have gained expertise in most of the corners of the Civil Engineering profession and eager to gain more experience in this field. I would appreciate the opportunity to join your organization.

Please have a look at my enclosed resume for detailed information of my work experience and education. Looking forward a positive reply.

Sincerely,

P.D.K. Kalpana
